

ABSOLUTELY JACK

PRESS KIT

Absolutely Jack is a band dedicated to delivering the finest in dance-rock entertainment for corporate retreats and fundraisers. We deliver tunes that are simply irresistible, and whose appeal spans the generations. We are experienced, reliable, and fun, and we know how to work with event planners and corporate meeting planners

History

Absolutely Jack was formed in 2009, and consists of musicians who have been playing music for 20 years or more.

Style/Sound

With both female and male lead singers, we deliver vocal variety, complemented by tight harmonies and dynamic on-stage chemistry. An upscale dress code and a highly professional attitude ensures an event that is seamless and smooth from long before set-up to long after teardown. We work with our clients to learn about any specific tunes or other customization that might be required, and we always involve the audience in playing along.

Our show has been designed to appeal to corporate event planners who are looking for professional performers, not divas or closet rock-stars. We know we are hired to please the audience, and leave them with great memories of a high-energy, enjoyable event. And that is what we deliver, absolutely.

Location

We are based in Toronto, and are available to play anywhere in the Greater Toronto area, including Niagara and Cottage Country.
